GRADATIM

FOREWORD

We at Sacred Heart are constantly surrounded by music: the rustling of leaves on the campus, the tinkling of a Sister's rosary, the peeling of the chapel bells, the twitter of school girl laughter, the tramp of loafers to class and the little louder click of heels on Sunday. These and what they stand for are dear to every Sacred Heart girl. Therefore, it is our purpose in this GRADATIM to put all these sounds on paper. Shall we look and see, and seeing, hear again the song of our school days?

It has been said that music played even by the greatest symphony orchestra has no meaning without a conductor. This is true also of Sacred Heart. We need our conductor, one to unite, to inspire, and to help us work and play together in harmony.

In her calm way, Mother M. Maura does all this. Whether she be teaching a French Class, giving a

permission, or deciding a matter of importance to the school, it is always with calmness, dignity, and understanding.

So to Mother M. Maura, we dedicate this 1951 GRADATIM with love and gratitude.

WHAT MAKES A CHAMPION ATHLETE?

IS IT CONDITIONING. . . coaching . . . teamwork . . . physique . . . sportsmanship . . . competitive spirit . . . or just plain honest-to-goodness athletic skill?

We don't pretend to be athletic experts, because our job is to manufacture high quality textile products. But as sporting fans we think it would be safe to say that an athletic champion is the result of all these fine qualities.

We know that it has taken a combination of great leadership, manufacturing know-how, careful planning, employee loyalty, and skilled teamwork to make Burlington Mills a champion in the textile industry. The Company's many accomplishments and progressive growth during the past 27 years are well known. We are proud of this record and equally proud of our 32,000 employees who have worked together with real team spirit as members of the Burlington team.

It's a fact that Burlington's fine fabrics, hosiery and other textile products are truly "Woven Into the Life of America" — just as every Burlington plant is woven into the life of its own community.
